

McAfee Internet Security

As a member of DoD, you can now take advantage of a free one-year subscription to McAfee Internet Security for your PC or MAC. The subscription gives you proactive security for your home PC by preventing malicious attacks and keeping you safe while you surf, search, and download files online. McAfee's security service also continuously delivers the latest software so your protection is never out-of-date.

By installing McAfee software on your home system, you will not only be protecting your PC from malicious threats, but you will also help the Command strengthen its IT security against adversarial attacks.

Instructions on how to download your copy of McAfee Internet Security:
